

Please do not discontinue the FM translator service on which I and many of my friends listen to K-Love. This station is very important to me. It lets me know what's going on in my community churches. It alerts me of available concerts. It gives me a more complete picture of news items than I can receive on secular stations. And most of all, it lifts my spirits to hear positive programming and music. My community needs a station to which their children can listen at any time and know that there will be nothing said and no music played that will tear down the kinds of teaching that they receive in the home, a place where no cursing is heard, no dirty jokes are told, and no snide comments made. They certainly are exposed to enough of that in school and on the streets. There needs to be this haven of healthy input to counteract all the negative messages they receive each day. Adults, as well, respond to positive programming. Who knows how many acts of road rage have been diverted because someone was channel surfing and happened upon K-Love. Who knows how many children were not abused because of something that was heard on this station. Who knows how many marriages have been saved by the positive Godly content of this station. Please, reconsider your proposal to take this influence from the public ear. Thank you.
